Auditor's Report.

To the Citizens of the Town of Saugus:

Having examined the accounts of the several departments of the Town as required by the by-laws, and having found proper vouchers for all payments made, I hereby submit the annual report for the year ending December 31, 1905, and trust it may meet with your careful perusal and attention. By referring to that part of the report showing the condition of the Town it will be seen that the deficiency has increased the past year nearly \$25,000. This in a large measure, of course, has been brought about by the expenditure of over \$22,000 for new school-houses and land purchased, also from the abatements of nearly \$3,800 on the uncollected taxes prior to 1905, and bills contracted by the several departments over the appropriations for 1905 which had to be carried over to the present year. The amount of uncollected tax is \$9,100 less than a year ago, which is a step in the right direction. Of the tax of 1905 over \$52,600 was collected and paid Treasurer before closing the books, and nearly \$10,000 has been collected since, leaving less than \$24,000 uncollected on February 10th. There are three years' taxes, amounting to \$4,512, standing against the city of Lynn as assessed on the pumping station, etc., at North Saugus, which, if this property is illegally taxed, should be abated, and not carried on the books of the Town as an asset.

Respectfully submitted,

GEORGE PARSONS,

Auditor.

SAUGUS, Feb. 14, 1906.

ANNUAL TOWN MEETING.

Total Vote for Town Officers.

SAUGUS, March 6, 1905.

Pursuant to the Warrant, the inhabitants of the Town of Saugus met at the various precincts and voted as follows :

Annual Town Meeting to act on Articles in Town Warrant was held Monday evening, March 13, at 8 o'clock P. M. The meeting was called to order by Henry A. Parker, Town Clerk.

ARTICLE 1. To choose a Moderator to preside at said meeting.

Chose Thomas P. Parsons, Moderator, who, after being duly qualified by the Town Clerk, took charge of the meeting.

ARTICLE 2. To hear and act on Reports of Committees.

Voted, To accept the report of the Committee that was appointed December 29, 1904, as to the best measures to take for additional school accommodations.

Voted to take up Article 46.

ARTICLE 46. To see if the Town will vote to authorize the Selectmen to petition the General Court to authorize the Town to incur indebtedness in addition to the amount already authorized by law, for the building of schoolhouses and procuring land therefor, not to exceed one hundred thousand dollars (\$100,000), or to see what action the Town will take in the matter.

Voted, That the Selectmen be, and they are, hereby authorized to petition the Legislature for the passage of an Act authorizing the Town of Saugus to issue bonds outside the debt limit, to an amount not exceeding \$100,000, payable in not exceeding thirty years from their date, for the purpose of building schoolhouses and acquiring land therefor. 38 yes, 17 no.

ART. 3. To choose all other Town Officers which Towns are, by law, required to choose in the months of March and April annually. Chose John F. Burnham, Pound Keeper; John

Brierley, Philip W. Farnham, Christopher C. Merrithew, Field Drivers; Herbert O. Pratt, Philip W. Farnham and Albert Sweetser, Measurers of Wood and Bark.

ART. 4. To revise the Jury List. Adopted the Jury List as follows :

Charles B. Austin	Dennis S. Newhall
Winslow D. Adlington	Elmer B. Newhall
Charles W. Bailey	Everett H. Newhall
George W. Blodgett	Thomas Newhall
John Brierly	Walter L. Newhall
Maurice F. Cunningham	Joseph Newhall
David H. Cheever	George L. Nourse
Everett H. Day	Henry N. Oliver
N. D. Dearborn	E. Chester Parker
Albert F. Dikeman	Frank E. Parker
Joseph F. Frisbee	George Parsons
Frederick W. Feakins	J. Wesley Paul
Charles Florence	C. O. Popp
Levi Florence	George M. Raddin
F. W. Foss	Frank M. Ramsdell
Aaron A. Gill	James W. Rea
Joseph M. Hall	W. E. Rhodes
Harry E. Hartich	Francis D. Riblett
Levi G. Hawkes	Benj. F. Robinson
John W. Hitchings	B. F. Sanborn
Byron S. Hone	Arthur W. Sawyer
M. H. Johnson	Charles H. Sawyer.
David T. Knox	William F. Sawyer
George A. Kimball	Frank M. Symonds
Frank H. Little	Albert Sweetser
Edwin D. Layton	C. E. Torrey
Arthur B. Mansfield	John C. Townsend
Chas. H. Mansfield	George A. Valpey
James M. Maxwell	C. D. Whittredge
I. M. Merrithew	Daniel B. Willis
Benj. F. Newhall	Chas. N. Wormstead

ART. 5. To choose a Committee on Finance, as required by the Town By-Laws.

Chose the following persons to act on the Finance Committee:

Precinct One, Fred C. Cheever for three years; Elmer B. Newhall for two years; Benjamin F. Sanborn for one year. Precinct Two, Charles E. Putnam for three years; Herbert R. McKenzie for two years; Arthur J. Struthers for one year. Precinct Three, Edgar B. Oliver for three years; A. Clarke Newhall for two years; Clarence H. Forney for one year.

The following articles were referred to the Finance Committees, 7, 8, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 43, 45, 47, 48, 49.

ART. 6. To see what action the Town will take in relation to charging interest or making a discount on taxes assessed in the ensuing year.

Voted, That a discount of two per cent. be allowed on taxes paid on or before October 10, 1905, and interest at the rate of six per cent. per annum be charged after January 1, 1906, on taxes for the year 1905.

ART. 9. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to hire money and give notes of the Town for the same for the following purposes.

1st. For the purpose of paying notes coming due the present year.

2nd. To hire money temporarily, not exceeding seventy-five thousand dollars (\$75,000) for one year, in anticipation of the taxes of the year 1905.

Voted, That the Town Treasurer, with the approval of the Selectmen be and hereby is authorized to hire money temporarily, not exceeding one year in anticipation of the taxes of the year 1905, and gives votes of the Town for the same and all money so hired shall be expressly made payable from such taxes of 1905, the whole amount so hired under this vote not to exceed the sum of seventy-five thousand dollars (\$75,000.) Yeas, 45; No o.

ART. 22. To see if the Town will vote to adopt some rule for collecting taxes, or to see what action the Town will take in the matter. Indefinitely postponed.

ART. 38. To see if the Town will vote to accept Chapter 103 of the Revised Laws of Massachusetts, for the supervision of plumbing.

Voted, To accept Chapter 103.

ART. 42. To see if the Town will ratify and confirm the settlements of disputed tax titles made by the Selectmen during the past year and the deeds of release executed by the Treasurer in pursuance of the same, and authorize the Selectmen to make such settlements in that regards during the coming year as they shall deem advisable, and authorize the Treasurer to give releases in accordance with such settlements.

Voted, To ratify and confirm the settlement of disputed tax titles made by the Selectment during the past year and the deeds of release executed by the Treasurer in pursuance of the same, and authorize the Selectment to make such settlements in that regard during the coming year as they shall deem advisable, and authorize the Treasurer to give release in accordance with such settlements.

ART. 44. To see if the Town will vote to employ only union labor in its various departments, or to see what action the Town will take in the matter.

Voted, to indefinitely postpone.

Voted at 9.45 to adjourn to Monday evening, March 20, 1905, at 8 o'clock.

Attest:

HENRY A. PARKER,

Town Clerk.

SAUGUS, March 20, 1905.

Adjourned Town Meeting called to order by the Moderator at 8 o'clock, P. M.

Reading of the records of the last meeting were read and approved.

Voted, To accept the report of the Finance Committee.

ART. 7. To make an appropriation and raise such sums of money as may be necessary to defray Town charges for the ensuing year.

Voted, To accept Town charges as follows :

Schools, \$27,400; School House Loan, Roby, \$3,000, Lynnhurst, \$350; Selectmen's Incidentals, \$6,500: Overseers of the Poor, \$3,000; Water Loan (principal) \$3,000; State and Military Aid, \$2,300; Interest, \$8,500; Highway and Bridges, \$5,000; Fire Department, for amount contracted for in excess of Town appropriation for year 1904, \$700.

ART. 8. To see what action the Town will take in the matter of fixing the compensation of any or all Town Officers, and make an appropriation for the same.

Voted, That the sum of five thousand dollars (\$5,000) be and hereby is appropriated for Salaries for the year 1905.

ART. 10. To see if the Town will make an appropriation for Police Service.

Voted, That the sum of four thousand dollars (\$4,000) be and hereby is appropriated for Police Services.

ART. 11. To see if the Town will appropriate the sum of two hundred and fifty dollars for the observance of Memorial Day, the same to be expended under the supervision of Post 95, G. A. R., or to see what action the Town will take in the matter.

Voted, That the sum of two hundred and fifty dollars (\$250) be and hereby is appropriated for the observance of Memorial Day under the directions of Gen. E. W. Hinks Post, 95, G. A. R.

ART. 12. To see what action the Town will take in relation to Street Lighting, and make an appropriation therefor.

Voted, That the sum of six thousand dollars (\$6,000) be and hereby is appropriated for Street Lighting.

ART. 13. To see if the Town will make an appropriation to cover the cost of insurance on Town Buildings.

Voted, That the sum of four hundred and twenty-five dollars (\$425) be and hereby is appropriated for Insurance on Town Buildings.

ART. 14. To see if the Town will make an appropriation for Repairs on Town Buildings and Grounds.

Voted, That the sum of one thousand dollars (\$1,000) be and hereby is appropriated for Repairs on Town Buildings and Grounds.

ART. 15. To see if the Town will make an appropriation for the Board of Health, or to see what action the Town will take in the matter.

Voted, That the sum of thirteen hundred dollars (\$1,300) be and hereby is appropriated for the use of the Board of Health to be expended under their direction.

ART. 16. To see if the Town will make an appropriation for the Superintendent of Schools.

Voted, That the sum of one thousand dollars (\$1,000) be and hereby is appropriated for the Superintendent of Schools.

ART. 17. To see if the Town will appropriate the sum of one hundred dollars (\$100) for searching the Records and Plans and for Incidentals for the Assessors.

Voted, That the sum of fifty dollars (\$50) be and hereby is appropriated for the Assessors for searching the Records.

ART. 18. To see if the Town will make an appropriation for Sidewalks, or to see what action the Town will take in the matter.

Voted, That the sum of three hundred dollars (\$300) be and hereby is appropriated for Sidewalks.

ART. 19. To see if the Town will make an appropriation for Tree Warden, or to see what action the Town will take in the matter.

Voted, That the sum of two hundred dollars (\$200) be and hereby is appropriated for Tree Warden.

ART. 20. To see if the Town will make an appropriation for Sealer of Weights and Measures, or to see what action the Town will take in the matter.

Voted, That the sum of seventy-five dollars (\$75) be and hereby is appropriated for Sealer of Weights and Measures.

ART. 21. To see what compensation the Town will give the Collector for collecting the tax of 1905, or to see what action the Town will take in the matter.

Voted, That if less than 75 per cent of the taxes of 1905 are collected before May 1, 1906, the commission allowed the Tax Collector be 1 per cent. If 75 per cent or over of taxes are collected before May 1, 1906, the commission allowed the Tax Collector be $1\frac{1}{2}$ per cent, to be paid from the Selectmen's incidentals.

ART. 23. To see if the Town will defray the expenses of the Lock-up from Court Fines, or to see what action the Town will take in the matter.

Voted, To defray by court fines, and if not sufficient to be taken from Selectmen's Incidentals.

ART. 24. To see if the Town will make an appropriation for the Salaries of Firemen of the Saugus Fire Department, or to see what action the Town will take in the matter.

Voted, To indefinitely postpone. See Art. 8.

ART. 25. To see if the Town will appropriate the sum of two thousand dollars (\$2,000) for the expenses of the Fire Department for the ensuing year, or to see what action the Town will take in the matter.

Voted, That the sum of two thousand dollars (\$2,000) be, and hereby is, appropriated for the Fire Department.

ART. 26. To see if the Town will appropriate the sum of six hundred dollars (\$600) and dog tax for use of the Public Library, the same to be expended under the direction of the Trustees of the aforesaid Library, or to see what action the Town will take in the matter.

Voted, That the sum of six hundred dollars (\$600) and the dog tax be, and hereby is, appropriated for the Public Library.

ART. 27. To see if the Town will make an appropriation for salary of Superintendent of Cemetery, or to see what action the Town will take in the matter.

Voted, To indefinitely postpone, as it is a part of Art. 34.

ART. 28. To see if the Town will make an appropriation of four hundred dollars (\$400) for Soldier's Relief, or to see what action the Town will take in the matter.

Voted, That the sum of four hundred dollars (\$400) be, and hereby is, appropriated for Soldier's Relief.

ART. 29 To see if the Town will make an appropriation of fifty dollars (\$50) for numbering the houses in the Town not yet numbered, or to see what action the Town will take in the matter.

Voted, That the sum of fifty dollars (\$50) be, and hereby is, appropriated for numbering houses.

ART. 30. To see if the Town will appropriate the sum of one thousand dollars (\$1,000) on account of the sinking fund for payment of the notes borrowed for the Cliftondale School House Loan (new), or to see what action the Town will take in the matter.

Voted, That the sum of one thousand dollars (\$1,000) be and hereby is appropriated on account of sinking fund.

ART. 31. To see if the Town authorize the Treasurer, with the approval of ahe Selectmen, to make a Water Loan of five thousand dollars (\$5,000) for the extension of the water pipes, or to see what action the Town will take in the matter.

Voted, That the Treasurer be and hereby is authorized, with the approval of the Selectmen, to make a Water Loan of twenty-five hundred dollars for the extension of the water pipes. 81 yeas, 0 no.

ART. 32. To see if the Town will vote to build a sidewalk and fence on Winter street, from Macajah Newhall's house to Horace A. Nowell's, a distance of about seven hundred (700) feet, and make an appropriation for the same, or to see what action the Town will take in the matter, agreeable to the petition of C. W. Fox and others.

Voted, That the sum of four hundred and seventy-five dollars (\$475) be and hereby is appropriated to build a retaining wall and sidewalk, also fence, on Winter street, as called for in Art. 32.

Voted, That the sum of five hundred dollars (\$500) be and hereby is appropriated for repairs on interiors of school buildings, to be expended under the direction of the School Committee.

ART. 34. To see if the Town will appropriate the sum of seven hundred dollars (\$700), five hundred dollars (\$500) of which is for salary of Superintendent of Cemetery, and two hundred dollars (\$200) for horse hire for work in said Cemetery, or to see what action the Town will take in the matter.

Voted, That the sum of seven hundred dollars (\$700) be and hereby is appropriated, one hundred of which is for the salary of the Superintendent of the Cemetery, and two hundred of which is for horse hire for work in the Cemetery.

ART. 35. To see if the Town will make an appropriation to put the Fire Alarm System in perfect condition, or to see what action the Town will take in the matter.

ART. 36. To see if the Town will instruct the Selectmen to locate five (5) incandescent lights in the following places, viz.: one (1) at the corner of Spring and Walnut streets, one (1) on Spring street (500 feet east of Walnut street), one (1) at the corner of Spring street and Broadway, one (1) on Broadway (700 feet north of Spring street), one (1) on Broadway (1,350 feet north of Spring street), one (1) on Prospect street (near the property of Mrs. Lena Knox), three (3) on Forest street, two (2) on Main street (above Howard street), one (1) at the corner of Washington street and Harrison avenue, one (1) at the corner of Harrison avenue and Shuman street, one (1) opposite lot 519, Cleveland avenue, Lynnhurst, and make an appropriation for the same, or to see what action the Town will take in the matter.

ART. 37. To see if the Town will instruct the Selectmen to locate arc lights in the following places, viz.: one (1) at Hawkes' Corner, North Saugus, one (1) at North Saugus School-house, one (1) on Broadway (1,000 feet north of Hawkes' Corner), one (1) at the junction of Essex street and Broadway (to replace the incandescent lights already located there), one (1) at the junction of Main and Howard streets, and make an appropriation for the same, or to see what action the Town will take in the matter.

Arts. 35, 36, 37 referred to the Selectmen.

ART. 39. To see if the Town will vote to purchase a covering for the floor in the Town Hall, and make an appropriation for the same.

Voted, That the sum of one hundred dollars (\$100) be and hereby is appropriated for a covering for the Town Hall floor.

ART. 40. To see if the Town will appropriate the sum of fourteen hundred dollars (\$1,400.00) for laying out and grading

avenues and general care of the Cemetery, or see what action the Town will take in the matter.

Voted, That the sum of Fourteen Hundred Dollars (\$1400) be and hereby is appropriated for laying out grading avenues and general work in the Cemetery.

ART. 41. To see if the Town will appropriate the sum of three hundred dollars (\$300.00) to be expended under the direction of the Cemetery Commissioners for concrete or other gutters in the Cemetery, or to see what action the Town will take in the matter.

Voted, Not to expend three hundred dollars (\$300) for gutters in the Cemetery.

ART. 43. To see if the Town will purchase a piano for the Town Hall and make an appropriation for the same, or to see what action the Town will take in the matter.

Voted, To refer to the Selectmen.

ART. 45. To see if the Town will instruct the Selectmen to cement the cellar and concrete the walks in front of the Lynnhurst School-house and appropriate the sum of one hundred and fifty dollars (\$150.00) to do the same, or to see what action the Town will take in the matter.

Voted, That the sum of one hundred dollars (\$100) be and hereby is appropriated for cementing the cellar in Lynnhurst School-house and concrete walk in front of same.

ART. 47. To see if the Town will vote to build a High School building and procure land therefor and to raise and appropriate money for either or both of said purposes and to authorize the Treasurer to borrow money on the credit of the Town, not to exceed sixty thousand dollars (\$60,000.00), for either or both of said purposes.

ART. 48. To see if the Town will vote to build a Grammar School building and procure land therefor, and to raise and appropriate money for either or both of said purposes and to

authorize the Treasurer to borrow money on the credit of the Town, not to exceed twenty-eight thousand dollars (\$28,000.00), for either or both of said purposes.

ART. 49. To see if the Town will vote to build a two-room school-house and procure land therefor, and to raise and appropriate money for either or both of said purposes and to authorize the Treasurer to borrow money on the credit of the Town, not to exceed five thousand dollars, (\$5,000.00) for either or both of said purposes.

ARTS. 47, 48, 49. Voted to indefinitely postpone.

Voted that the Selectmen act as the appraisal Committee as called for under Act. 2., Sec. 4., of the Town By-Laws.

Voted at 10.40 to dissolve the meeting.

Attest:

HENRY A. PARKER,
Town Clerk.

SPECIAL TOWN MEETING.

SAUGUS, June 7, 1905.

Meeting called to order by the Town Clerk, Henry A. Parker, at 8 o'clock P. M.

Warrant was read by the Town Clerk, followed by taking up Article 1.

ARTICLE 1. To choose a Moderator to preside at said meeting.

Chose Thomas P. Parsons, Moderator, who after being duly qualified by the Town Clerk took charge of the meeting.

ART. 2. To hear and act on Reports of Committees.

Voted, To accept the report of the Finance Committee.

ART. 3. To see if the Town will make an appropriation not exceeding \$870 for the extermination of the Brown Tail and Gypsy Moths, or to see what action the Town will take in the matter, agreeable to the petition of Charles F. Clark and others.

Voted, That the sum of \$866.77 be and is hereby appropriated for the suppression of the Gypsy and Brown Tail Moths.

Voted, To take up Article 5. Yeas, 82; no, 0.

ART. 5. To see if the Town will choose a committee to build one or more new school-houses, with full authority to purchase land therefor, under the provisions of Chapter 297 of the Acts of 1905, as recommended in the report of the Committee appointed at the special Town Meeting held in December last "to investigate and recommend to the Town the best plan for additional school accommodations," to make contracts in the name of the Town, and to do all other acts necessary to build, furnish and complete the same, or to see what action the Town will take in regard to the matter, agreeable to the petition of Frank P. Bennett, Jr., and others.

Voted, That the Town build three (3) school buildings at a cost not to exceed \$75,000, \$50,000 of said amount to be used for acquiring land, grading same, building a brick school building and furnishing same ready for occupancy, to be located in in Saugus Centre and to be known as a High School. Twenty thousand dollars of said amount to be used for acquiring land, grading same, and building a four room wooden school building and furnishing the same ready for occupancy, to be located between East Saugus and Cliftdale. Five thousand dollars of said amount to be used for acquiring land, grading same and building a two-room wooden school building and furnishing same ready for occupancy to be located at Pleasant Hills. The following committee were appointed by open nomination to build school buildings as called for in Article 5: Henry F. Fiske, William E. Luddin, Benjamin F. Robinson, John S. Smith and George W. Caswell.

ART. 4. To see if the Town will vote to issue its bonds for the purpose of building school-houses and acquiring land therefor under the authority of Chapter 297, of the Acts of the Legislature of Massachusetts for 1905, and to take any other action in relation thereto.

Voted, That by virtue and in pursuance of Chap. 297 of the Acts of the Legislature of Massachusetts for 1905, the Town Treasurer be and he is hereby authorized to issue and negotiate the sale of the bonds of the Town to the amount of \$75,000 for the purpose of constructing school-houses and acquiring land therefor. Such bonds to be dated 1st day of August, 1905, and payable, \$2,000 thereof on the 1st day of August in each of the years 1906 to 1920 inclusive, and \$3,000 thereof on the 1st day of August in each of the years 1921 to 1935 inclusive, bearing interest at the rate of 4 per centum per annum payable semi-annually. Such bonds shall be of the denomination of \$1,000 each, shall be signed by the Town Treasurer and countersigned by a majority of the Selectmen and the interest coupons thereto attached may bear the fac-simile signature of the Town Treasurer. 62 yea, 29 nay.

ART. 6. To see if the Town will appropriate eight hundred (\$800) dollars for a vault for the Assessors' records, or to see what action the Town will take in the matter, agreeable to the petition of Charles W. Amerige, and others.

Voted, That the sum of \$700 be and hereby is appropriated for Vault as called for under Article 6, and to be let out to the lowest responsible bidder.

ART. 7. To see if the Town will make an appropriation for replacing the drinking fountain in said Town, or to see what action the Town will take in the matter, agreeable to the petition of John W. Hitchins, and others.

Voted, That the sum of \$300 be and is hereby appropriated for replacing the Public Drinking Fountains in Town.

ART. 8. To see if the Town will appropriate the sum of one thousand (\$1,000) dollars for the running expenses of the Fire Department, or to see what action the town will take in the matter.

Voted, That the sum of \$300 be and hereby is appropriated for expenses of Fire Department.

ART 9. To see if the Town will vote to introduce into its High School a system of Typewriting, Shorthand and Book-keeping, and appoint a committee to look into the advisability of the same and report it at the next town meeting.

Voted to indefinitely postpone.

Voted at 10.55 P. M. to dissolve the meeting.

Attest:

HENRY A. PARKER,

Town Clerk.

SPECIAL TOWN MEETING.

SAUGUS, August 15, 1905.

Meeting called to order by the Town Clerk, Henry A. Parker,
at 8 o'clock P. M.

ARTICLE 1. To choose a Moderator to preside at said meeting. Thomas P. Parsons was unanimously elected Moderator.

ART. 2. To hear and act on Reports of Committee.
No reports.

Voted to take up Article 5.

ART. 5. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to hire money and give notes of the Town for the same, for the following purposes:

1st. For the purpose of paying notes coming due the present year.

2d. To hire money temporarily, not exceeding fifteen thousand dollars, (\$15,000) for one year in anticipation of the taxes of the year 1905.

Voted, That the Town Treasurer with the approval of the Selectmen be and hereby is authorized to hire money temporarily, not exceeding one year in anticipation of the taxes of the year 1905, and give note of the Town for the same and all money so hired shall be expressly made payable from said taxes of 1905. The whole amount so hired under this note not to exceed the sum of fifteen thousand dollars (\$15,000). Yeas, 124; no, 3.

ART. 3. To see if the Town will vote to accept the resignations of Henry F. Fiske and George W. Caswell from the School Building Committee, elected at a special Town Meeting, held

June 7, 1905, or to see what action the Town will take in the matter.

Voted, To lay on the table.

ART. 4. To see if the Town will vote to discharge the Committee appointed at the special Town Meeting, held June 7, 1905, to purchase sites for, build and equip for occupancy as school buildings, three school buildings as per vote passed at said meeting, and for which the sum of \$75,000 was voted appropriated, and elect a new Committee to take the place of the one appointed at said special Town Meeting, or to see what action the Town will take in the matter agreeable to the petition of Charles N. Wormstead and others.

Voted, To indefinitely postpone.

ART. 3. Voted, Not to accept the resignations of Henry F. Fiske and George W. Caswell from the School Building Committee.

Voted at 10.25 to dissolve the meeting.

8. Fire Department,	1,000	300 00	300 00
Total		<u>\$2,166 77</u>	<u>\$2,166 77</u>

*(Not including School Building Loans.)

With increased demand upon the Town each year and departments presenting increases in their fixed charges, which we do not see any way of avoiding, we do not doubt that the money is actually necessary, and would be expended judiciously and to the advantage of the Town.

We known that in this way what seems to be the inevitable trend of the times, increased expenditure can be somewhat restricted, and this we can accomplish by an enlightened interest on the part of our citizens by attending the Town meetings in the spirit of an aroused public interest and a hearty co-operation on the part of the citizens of Saugus.

Retrenchment always comes harder than an increase in expenditures, whether it be for the individual, the corporation, municipality or Commonwealth. Instead of continuing to increase debts and interest charges, which cannot but mean higher taxes in the future we should in our opinion begin to decrease them if we are to regain our reputation for conservative financial management. We want to see the Town government conducted in the most economical way possible, consistent with the dignity and standing of our Town.

The Finance Committee recommend that the different boards should keep within the amounts appropriated by the Town for their respective departments.

Committee recommendations for municipal appropriations for year 1906 :

Schools	\$30,400 00
Superintendent of Schools	1,000 00
Selectmen's Incidentals	6,500 00

REPORT OF COMMITTEE

ON

Additional School Accommodations.

To the Citizens of the Town of Saugus:

The Committee appointed at the special Town Meeting held in December to investigate and recommend to the Town the best plan for additional school accommodations, beg leave to submit their report. The Committee has held several meetings, has consulted experts on school buildings, has visited the localities and buildings where the worst conditions exist, and has consulted the Town Counsel as to the legal questions involved under its plan.

New Buildings Necessary.

There can be no two views as to the immediate necessity for the construction of new school buildings. When the Felton School at Clifftondale was built it was expected that provision had been made for the growth of Clifftondale for several years to come. This has proved not to be the case and today that building is filled practically to its limit. No rooms remain available for the annual increase in the school population of that precinct. What the School Committee will do in September of this very year is puzzling them at the present time and there is no question but what a new building ought to be ready for occupancy there at this minute. The annual increase in scholars at Clifftondale has been approximately enough to fill one room each year. In

the construction of a building, however, provision ought to be made for the growth of several years, and this fact the Committee has duly considered,

It cannot be said that conditions at East Saugus are one whit better than those at Clifftondale, and the old four-room building which has sufficed that precinct for many years is quite inadequate for the present school population, to say nothing of the rapid increase that is bound to occur if contractors continue to lay out the farm land of East Saugus in house lots as they are doing so industriously now. One room at East Saugus, for example, has 64 scholars and the School Committee, to satisfy the requirements of Statutes have been compelled to place an assistant in this room. Proper instruction under such conditions is hardly possible.

At Saugus Centre, although the whole of the brick school-house is occupied and the two old wooden buildings adjoining made complete use of, there is not room enough for all of the scholars, except by crowding. One room in particular, that of Mrs. Peckham, has 59 scholars, nine more than the statute intends to permit under the care of one teacher, and the seats take up so much of the room that there is barely a chance for the teacher and her desk in the space which remains. The accommodations therefore, are insufficient at present; what they will be if the new manufacturing corporation is so successful as to operate its plant to the full capacity passes comprehension.

Additions to Present Buildings.

The problem for your committee therefore was to provide some plan for the relief of all three precincts. With due regard to economy, they were first inclined to some plan involving only additions to the present buildings. A careful examination, however, of the various buildings, caused your committee to unanimously abandon that idea. There was practically no way in which it could be properly followed at the Centre and it was a question whether any building at Clifftondale except the Felton School would readily lend itself to such additions.

An addition there, however, seemed less desirable than some plan which would afford relief to East Saugus at the same time, as an addition to the East Saugus school did not appear advisable because of the narrowness of the lot on which the school stands, the inconvenience of the interior arrangement of the building and the necessity of large additional cost for heating, sanitary arrangements and other necessary changes.

Recommendations.

Your Committee would therefore recommend, first, the immediate construction of a large, modern, twelve-room brick building to be located in the vicinity of Saugus Centre and to be occupied by the High School and all of the ninth grades of the Town. The advantages of this plan are obvious. The High School is at the present time inadequately supplied with laboratory facilities. The seating capacity of its main assembly room has reached its limit. If the entering class of this present year is as large as it bids fair to be, the assembly room will this autumn be too small for the school. Moreover, the instruction of the ninth grades could be made much more uniform if under one or two teachers supervised by the principal of the High School and all scholars would enter the High School equally well fitted to take up its work. Two other immediate advantages appear. First, that the removal of the High School from the Roby building will provide part of the additional accommodations necessary for the grammar and primary schools. Second, that the removal of the ninth grades from Cliftdale and East Saugus will also afford those sections a considerable relief. Such a building ought to have a large hall in the upper story for the morning exercises of the school and for other school assemblies; the classes could pass from there to various rooms where in bodies of forty or fifty they could study and recite under the various teachers. Such a building, thoroughly modern, supplied with laboratories as college requirements for admission make necessary, would cost for construction, above the cost of the land and grading, about \$60,000.

Secondly, your committee would recommend the immediate erection of an eight-room brick building half way between Clif-

todale and East Saugus, the same to be used for grammar and primary schools. This plan appeals to the committee principally because the growth of Clifftondale and of East Saugus appears to be toward each other. Such a building would cost to erect at the present time above the cost of the land approximately \$28,000.

For its third recommendation, the committee advises the erection of a two room wooden building at Pleasant Hills. The foundation of this ought to be made sufficient for a later raising of the building one story to provide two more rooms or four rooms in all. Such a building could be built for approximately \$5,000 above the cost of the land. We believe that Pleasant Hills is entitled to school accommodations, especially for its smaller children, nearer than any it now has and the rapid increase of the population in that vicinity makes the erection of such a building unquestionably wise.

Your committee realize that the total expenditure recommended above, \$93,000, which does not take into account the cost of land and grading, must look very large at first sight to the citizens. It will have to be raised by loans and as the amount exceeds the balance available under the debt limit, legislative permission will have to be obtained. Your committee cannot feel, however, that it would be wise to adopt any less comprehensive plan. The erection of one building would be totally insufficient. The School Committee are going to require presumably at least three rooms this very fall. They really ought to have four. Inside of three years, or four at the outside, a new eight room building would be completely filled and if any great delay should be met in its construction, it is really a question whether one such building would be much more than completed before work would have to be begun upon still another. The plan here proposed takes into account our needs for many years to come. If not adopted at this time, it can be delayed only a year or two at the most and we confidently predict that, unless work is begun at once, two years will not have elapsed before children of the school age will be absolutely without schooling because no place can be found to put them. Your committee recommends, therefore, that the Board

of Selectmen be instructed to petition the legislature for authority to issue bonds of the Town to the amount of \$100,000 at the lowest practicable rate of interest, the same to be used for the construction of the three buildings recommended above.

Respectfully submitted,

• HENRY J. MILLS,
 A. J. STRUTHERS,
 FRANK P. BENNETT, JR.,
 HERBERT E. DODGE,
 CHARLES N. WORMSTEAD,

Committee.

		<hr/>
Net Total expense		\$3,351 48
Total number partially supported during the year 125, and fully supported 1.		

The Overseers of the Poor, in presenting the foregoing report, regret that the Saugus Home has not been quite self-sustaining, owing largely to a smaller hay crop than usual, and the partial failure of some other crops, on account of the dry weather in both spring and fall. The Home is well kept and never appeared more tidy, inside and outside, than now, and the inmates are well cared for by Mr. and Mrs. Burnham, the Warden and Matron.

This Board called the attention of the Selectmen to the necessity of some repairs on the exterior of the buildings and the painting of the same. After inspecting the premises they decided, for the protection of the buildings and to make the Home creditable to the Town, this should be done, and, in due time they attended to the matter, and the result is generally considered satisfactory.

During the year there have been six inmates, but one died, so that only five remain, the same number as at the close of 1904.

We conclude this report by recommending that the sum of \$3,500.00 be appropriated for the ensuing year.

Respectfully submitted,

JAMES A. HALLIDAY,
GEORGE H. AMES,
HENRY N. OLIVER,

Overseers of Poor.

**Saugus Home in Account with John F. Burnham,
Warden.**

1905.

Report of the Board of Selectmen.

To the Citizens of the Town of Saugus:

We have the honor to submit the following report for the year 1905.

Incidentals.

We deem it advisable to call attention to several unusual expenditures during the past year paid out of the Selectmen's Incidentals.

The appropriation for repairs on town buildings and grounds not proving sufficient for such work as it was imperative to do in order to economically care for the town property, the following items were paid for out of the appropriation for Incidentals:

Repairs on retaining wall, East Saugus school	.	\$158 85
Repairs and new fence at North Saugus and East Saugus school	.	142 56
Pump, North Saugus	.	23 80
Cesspool, Town Hall	.	96 45
Repairs, East Saugus hose house	.	219 84
Gates at Felton school	.	67 00
		<hr/>
		\$708 50

In addition to the above as unusual, we would mention the following:

Extra legal services, briefs, metropolitan park tax	.	\$125 00
Forest fires, \$445.10, an excess over 1904 of	.	334 34
New Town by-laws (printing)	.	60 00
Gypsy and brown tail moths, on public grounds	.	65 00
Settlement, George Sewell	.	100 00

It will be seen from the above that if the item alone for repairs on Public Buildings and Grounds, \$708.50, had been paid from the usual appropriation for that purpose there would have remained that much more unexpended balance of the Selectmen's Incidentals. It seems to us wise, when any considerable sum is required for a specific purpose, that a special appropriation be made for the same, rather than to pay for it from the Selectmen's Incidentals. We, therefore, recommend that in the future special appropriations be made for the Water Tax, covering the use of hydrants and drinking fountains, which is a fixed charge, amounting for the next five years to \$579 per annum, and for the Tax Collector's compensation, making a corresponding deduction in the appropriation for Incidentals.

Highways and Bridges.

This has been a very busy department the past year. In addition to the spring and fall cleaning, the following streets have been re-surfaced: Chestnut street, Lincoln avenue from Bristow street to Central street, Cliftondale square, Walnut street, North Saugus, from Holliday's Corner to the North Saugus School-house. In Oaklandvale, Main and Howard streets from the Bennett estate to the Penney estate have been regraded and the bridge at the junction of Vine street and Highland avenue has been widened and rebuilt. There has also been built 2,200 feet of fence in various parts of the Town, and minor repairs made in many places too numerous to mention. For full particulars see report of Superintendent of Streets.

We regret to state, that one of the employees of this department, Mr. George Sewell, met with a serious accident in Stocker's gravel pit, May 6, in consequence of which he was unable to perform further service during the season. A settlement of the case was made satisfactory to all concerned.

We take pleasure in congratulating the Superintendent of Streets for the very able and efficient manner in which the affairs of this department have been conducted.

Central Street.

When the present Board came into office they were confronted with claims and the Town threatened with lawsuits from substantially every property owner on the street, on account of the condition in which their property had been left from the time the street was first widened, nothing in this respect having been done the previous year. Considering these claims entirely just your Board took the matter in hand without delay, and as far as possible the premises referred to were put in first-class condition and to the satisfaction of the owners, at an expense of something over twelve hundred dollars, which was taken out of the appropriation for Highways and Bridges.

Police Department.

This department still maintains its usual high standard of efficiency, and needs no further praise at our hands. For a detailed account of this department we would refer you to the report of the Chief of Police.

The Town is to be congratulated upon the gift of a police ambulance with which it was presented on May 30th by the Saugus Police Relief Association. This is something that has long been needed and will add greatly to the efficiency of the Police Department.

Fire Department.

We think this department as a whole is in very good condition. They have had an unusual amount of work the past year and have attended to it in a very efficient manner.

We would recommend that the manner of paying the firemen be regulated so that they be paid according to the number of alarms to which they respond, instead of a fixed sum as now, regardless of whether they respond to an alarm or not. We think the present method works an injustice to the men.

Public Buildings.

The buildings at the Saugus Home have received thorough repairs, which were very much needed, and repairs have been made on other town buildings, which are shown in the detailed statement of expenditures for public buildings and grounds. We know of no extraordinary repairs to be made on town buildings the present year, but it will require the usual appropriation to keep them in their present condition.

Street Lighting.

We have 72 arc lamps at a cost of \$67.00 per lamp, and 100 incandescent lamps at a cost of \$16.00 per lamp. The cost of lighting the streets has gradually increased from year to year, and as a matter of course will continue to do so as the population increases. We recommend the putting in of fewer arc lamps and more incandescents.

There have been several complaints in regard to the service during the past year. The board has taken the matter up with the Lynn Gas and Electric Co., and they have promised that all defects will be remedied.

Insurance.

The unusual amount recommended to be appropriated for fire insurance during 1906 is due to the additional public school buildings to be insured this year, and to the policy adopted by your board to take policies running for five years instead of shorter terms, as heretofore. The next four years the amount to be expended for this purpose will be materially less.

Maplewood and Danvers Street Railway Co.

The terms of the franchise of this company required the completion and operation of the road in Saugus, January 1st, 1906, but, owing to various obstacles which they could not overcome, were not able to fulfil its requirements, and applied to the Board for an extension of time until October 1st, 1906, which the Board granted, and it is hoped that on or before that time the road will be completed and in operation.

Renaming of Streets.

After giving a public hearing on this subject the following streets were renamed.

Present Name.	Former Name.	Locations.
Cherry Street	Cross Street	From 9 Pleasant Ave. northerly.
Birch Street	Elin Street	From Lincoln Ave. to rear of Felton School.
Linden Street	Forest Avenue	From end of Knowles Ave. to Oak St.
Felton Court	Forest Court	From 15 Felton St. proposed to Pleasant Ave.
Summer Court	Franklin Court	From 37 Summer St.
Larch Street	Laurel Street	From the Saugus Branch R. R. to bay. Elmwood.
School Street	Main Street	From Essex St. easterly.
Stocker Street	Maple Street	From 16 Riverside Ct. to Winter St. near Chestnut Ave.
Bond Place	Maple Place	From 26 Jackson St. southerly.
Water Street	Myrtle Street	From Walnut St. next schoolhouse to Wakefield line.
Appleton Street	Park Street	From Summer St. opposite Appleton St. westerly.
Central Place	Park Avenue	From 471 Central St. westerly.
Aspen Street	Pine Street	From Walnut St. near North Saugus line.
Vista Street	Prospect Street	From Ocean View Ave. to Summit St.
Hazel Street	Prospect Street	From Hesper St. to Fairmount Ave.
Alder Street	Spring Street	From Hesper St. to Saugus River.
Beech Street	Walnut Street	From Vine St. near Adams Ave. to B. & M. R. R.

New School Buildings.

In accordance with a vote passed at the Annual Town Meeting in March authorizing the Selectmen to "petition the Legislature to grant the Town authority to incur indebtedness in addition to the amount already authorized by law, for the building of school-houses and procuring land therefor, not to exceed one hundred thousand dollars." The Board petitioned the Legislature as above and the petition was granted.

Gypsy and Brown Tail Moth Work.

We are pleased to inform the citizens that this work is progressing in a very satisfactory manner. A great deal was accomplished during 1905, but much more is mapped out and will be done during 1906.

Mr. Kirkland, the State Superintendent, has taken a personal interest in the progress of the work, particularly in our town, a

fact which we feel sure every citizen fully appreciates. He and our town officials in charge of this work have labored in perfect harmony, resulting in our getting our full share of assistance, both financially and otherwise, from the state.

Our town is certainly to be congratulated upon our improved condition in regard to the pests, and we trust that every citizen will continue to show the same interest and to do their duty in this great work of extermination in the future as they have done in the past.

Appropriations.

We would respectfully recommend the following appropriations for the current year :

Highways and Bridges	.	.	.	\$5,000 00
Selectmen's Incidentals	.	.	.	6,500 00
Street Lighting	.	.	.	6,500 00
Insurance	.	.	.	1,690 00
Public Buildings and Grounds	.	.	.	1,000 00
Gypsy and Brown Tail Moths	.	.	.	1,733 54
Soldiers' Relief	.	.	.	500 00

For a statement of the financial condition of the town, we would refer you to the Auditor's Report of the condition of the town.

CHARLES F. CLARK,
HERBERT M. FORRISTALL,
CLARENCE W. FOX,

Selectmen.

Assessors' Report

FOR THE YEAR ENDING DECEMBER 31, 1905.

Table of Aggregates of Polls and Taxes Assessed May 1, 1905.

Number of polls assessed	1,656
Number of persons paying property tax	1,895
Number of persons paying poll tax only	1,110
Number of persons liable to do military duty	1,001
Population as taken by the Assessors	6,118

Schedule of Property Assessed.

Number of dwelling-houses	1,349

CHARLES W. AMERIGE,
LEVI G. HAWKES,
ALONZO PENNEY,

Assessors of Saugus.

Report of Superintendent of Streets.

The Superintendent of Streets in presenting his report to the citizens of the Town for the year ending December 31st, 1905, would call the attention of the people to the fact that he has carried out the plan of old Saugus, in trying to keep up the standard of good roads; a reputation for which, it has long held, and he trusts it will always maintain.

Most of our streets are in a very good condition at the present time although there are a few repairs needed.

I would recommend the coming season, the putting in first-class condition the following streets, viz: Main street from Summer street to Vine street, Lincoln avenue from Cliftdale square to the Revere line; Main street, Oaklandvale, from the school-house to the estate of the late Martin Carnes. Also that the work begun at North Saugus be carried out as planned the past season, thereby making the north and west wards in better condition than they have been for many years; if this is done they will not need much in the way of repairs for some time.

A large amount of stone work was done the past season, which was necessary on account of the changed grade of Central street, all of it in a very satisfactory manner. Although the cost made quite a drain on this department, we felt it was just, as this was a matter of long standing.

There has also been considerable wooden fencing done this year. A temporary fence of about six hundred feet by Lake Cottage; two hundred feet on Hawkes hill of substantial material, also a good one on Central street from the depot to the estate of James B. True on Winter street and on the retaining wall opposite the Felton school.

The missing link between East Saugus and the Center, has been completed to the satisfaction of the people of those districts.

I would recommend a separate appropriation for sidewalks, as there are a great many very bad walks in the Town.

I would also recommend the building of a suitable house for the steam roller; and also the purchase of a stone crusher in some form as there is an attachment that can be placed on the steam roller so that we could crush the material we need, with that machine.

Improvements have been made around the Town Hall and a large boulder removed from the sidewalk on Foster street, making a much needed improvement in that locality.

Lincoln avenue from Bristow street to Central street has received considerable attention, and there is now a very good road from Lynn line to Clifftondale square.

Chestnut street has been put in first-class condition also Riverside court and Stocker street. A number of large bowlders were removed from the last named street making a very nice street for driving.

Western avenue has had the long asked for sidewalk completed the past season at a very nominal expense of less than one hundred dollars, thereby making a very great improvement in that locality especially in the winter season.

I very much regret having had a serious accident to one of the employes in my department, otherwise everything has been harmonious and pleasant. I thank all of the employes for their hearty co-operation and the Honorable Board for their encouragement.

The following is a list of property in this department.

1 watering cart	\$350 00
1 two-horse road roller	250 00
1 steam roller	3,250 00
1 road machine	200 00

Respectfully submitted,

ANTHONY HATCH,

Superintendent of Streets.

SAUGUS, January 30, 1906.

REPORT OF Engineers of Fire Department

The apparatus consists of three hose wagons, one hook and ladder truck, eight Underwriters' and four Babcock extinguishers, 4,800 feet of hose, 100 feet of garden hose, three plain brass and seven regulation play pipes, 11 extinguishers in Town buildings, four sets of double harness, 300 feet of ladder, 12 rubber coats, three jump nets, one line gun, one pull down hook with chain and rope attached, three crotch poles, eight lanterns, three long hooks, two axes, three bars, 26 spanners and 20 belts, 12 lighters, 14 fire hats, three wrenches, three wagon jacks and other small articles of use.

The Fire Department at the present time consists of 44 regular men and nine call men and superintendent of the fire alarm and three engineers :

C. A. BLAKELEY, *Chief*.
C. L. PUTNEY, *First Asst*.
J. L. WEBER, *Second Asst*.

Record of Alarms.

Total number of bell alarms, 54.
Total number of false alarms, 6.
Total number of still alarms, 17.
Total number of second alarms, 5.
Total miles run by all apparatus since May 1, 63.
Total feet of hose laid since May 1, 2,800.
Total feet of ladders used since May 1, 100.
Total gallons of chemicals used since May 1, 114.

Detail of Alarms.

January 24. Box 24. House on Foss court. Damage \$400; insured.

February 6. Box 35. Stable of C. Bailey. Damage \$225; insured.

March 4. Box 31. Blacksmith, East Saugus. Damage \$200; not insured.

March 4. Box 123. False alarm.

March 16. Box 27. House of S. Goldstein. Damage \$2,600; insured.

March 17. Box 31. Rendering Works on State Highway. Damage \$500; not insured.

March 28. Box 37. Woods fire.

March 31. Box 24. Woods fire.

March 31. Box 31. Woods fire.

April 1. Box 26. Woods fire.

April 1. Box 26. Woods fire.

April 2. Box 37. House owned by J. E. Raymond. Damage slight.

April 2. Box 37. Still alarm.

April 3. Box 24. Woods fire.

April 3. Box 124. Woods fire.

April 3. Box 125. Rubbish fire.

April 3. Box 123. False alarm.

April 3. Box 128. Stable at race track. Loss \$3,000; insurance \$1,250.

April 4. Box 25. False alarm.

April 8. Box 27. Woods fire.

April 8. Box 26. Woods fire.

April 11. Box 24. False alarm.

April 13. Box 21. C. H. Bond's building. Loss \$500.

April 14. Box 123. Woods fire.

April 16. Box 213. Woods fire.

April 18. Box 27. Woods fire.

April 19. Still alarm.

April 19. Box 36. Woods fire.

April 20. Box 41. Woods fire.

April 24. Box 16. Woods fire.

April 26. Box 123. Woods fire.

April 26. Box 18. Woods fire.

April 26. Box 18. Woods fire.

April 27. Box 21. Shed of J. Slattery. Loss \$5.

May 2. Box 126. Woods fire.

May 7. Box 24. False alarm.

May 8. Box 32. House owned by J. Hawkes, Hesper street. Loss \$10.

May 20. Box 32. Woods fire.

June 9. Box 13. Rendering Works on State Highway.
Total loss.

June 10. Box 27. Fish and Gun Club on State Highway.
Total loss.

June 16. Box 13. Camp and stable on Newburyport turnpike. Loss \$1,300.

July 2. Box 24. Mrs. Dowerger's house. Loss to house and contents \$75.

August 28. Box 23. Shed of Mrs. Martin. Loss \$20.

September 8. Box 23. Hencoop of H. M. Lillibridge.
Loss \$2.

September 26. Box 13. Shed of J. M. Maxwell. Loss \$25.

October 21. Box 25. House on Park avenue. Loss \$5.

October 29. Box 124. House of R. P. Whitcher. Loss slight.

November 3. Box 13. Shed of A. C. Cheever. Loss \$100.

November 5. Box 126. False alarm.

November 15. Box 12. Nanepashemet Club. Loss \$10.

November 20. Box 28. Grass fire rear of Park Hotel.

November 24. Box 12. Kent estate, Hair Works. Loss \$15.

December 9. Box 27. Building of H. B. Newhall on State Highway. Loss \$150.

December 9. Box 27. False alarm.

December 22. Box 23. Alarm pulled for fire out of town.

December 26. Box 213. Alarm pulled for fire at W. R. Hughes'. Loss slight.

We would recommend that a new hose house be built at Clifftondale as the one we now occupy is unfit for the purpose, also that the Selectmen be instructed to request the Revere water board to place hydrants on Vine street and Main street above Vine for better fire protection in that district, also \$2,800 for running expenses of the department and \$2,200 for firemen's salaries; also that the Town purchase horses for the fire department, to be used for town work in general, which we think would be a paying investment. If individuals can make it pay why can't the Town?

CHARLES A. BLAKELEY, *Chief.*

CHARLES L. PUTNEY, *First Asst.*

JOHN L. WEBER, *Second Asst.*

Report of Board of Health.

The Board of Health respectfully submits its annual report for the year 1905.

The Board was organized as follows: George W. Gale, M. D., Chairman; William F. Belcher, Secretary; Benjamin F. Robinson, Health Officer.

Regular meetings of the Board are held at the Town Hall on the first Monday of each month at 8 o'clock P. M.

We have had very few complaints this year, showing that the Town is in a better sanitary condition than ever before.

We have been very free from contagious disease this year as compared to previous years.

The full number of cases reported was twenty-three of which seventeen were diphtheria, five scarlet fever and one measles.

The attention of the citizens and physicians is called to the following State Law which the Board desires, for the purpose of securing the widest knowledge of the existing law relating to the notification of contagious diseases, to call particular attention to Section 49 and 50, of Chapter 75 of the Revised Laws, as amended by Chapter 251 of the Acts of the Legislature of 1905. The amended sections read as follows:

SECTION 49. A householder who knows that a person in his family or house is sick of smallpox, diphtheria, scarlet fever or any other infectious or contagious disease dangerous to the public health shall forthwith give notice thereof to the Board of Health of the city or town in which he dwells. Upon the death, recovery or removal of such person, the householder shall disinfect to the satisfaction of the Board such rooms of his house and articles therein as, in the opinion of the Board have been exposed to infection or contagion. Should one or both eyes of an infant become inflamed, swollen and red, and show an unnatural

discharge at any time within two weeks after its birth, it shall be the duty of the nurse, relative or other attendant having charge of such infant to report in writing within six hours thereafter, to the Board of Health of the city or town in which the parents of the infant reside, the fact that such inflammation, swelling and redness of the eyes and unnatural discharge exist. On receipt of such report, or of notice of the same symptoms given by a physician as provided by the following section, the Board of Health shall take such immediate action as it may deem necessary in order that blindness may be prevented. Whoever violates the provisions of this section shall be punished by a fine of not more than one hundred dollars.

SECT. 50. If a physician knows that a person whom he is called to visit is infected with smallpox, diphtheria, scarlet fever or any other disease dangerous to the public health, or if one or both eyes of an infant whom or whose mother he is called to visit become inflamed, swollen and red, and show an unnatural discharge within two weeks after the birth of such infant, he shall immediately give notice thereof in writing over his own signature to the Selectmen or Board of Health of the town; and if he refuses or neglects to give such notice, he shall forfeit not less than fifty not more than two hundred dollars for each offence.

Cesspools, Privies and Vaults.

RULE 22. No person shall build, or cause to be built, any privy, vault or cesspool, unless the same is constructed in a thorough and substantial manner, lined with stone, brick, or other suitable material of sufficient thickness and strength to prevent the walls from failling in, and located so that the inside of the same shall be at least three feet distant from the line of any adjoining lot or street. Every cesspool shall be of sufficient size to contain at least eighty cubic feet, measured below two feet beneath the surface of the ground, and, when not water tight, shall be at least twenty feet from the outside of the cellar wall of any tenement or dwelling, and thirty feet distant from any well, spring, or any other source of water supply used for

culinary or domestic purposes. In no case shall the drainage from a privy, vault, cesspool or sink, or foul drainage from an domestic source, be permitted to enter any stream, brook, run or pond within the limits of the town.

RULE 23. All privies and vaults shall be cleaned at least once a year. Any privy or vault not cleaned within that time shall be declared a nuisance.

RULE 28. No person shall keep any fowl or animal in any place in the town where the Board of Health may deem such keeping detrimental to the health or comfort of the residents of the neighborhood, or to those who may pass thereby; and said Board shall have the power to remove or cause to be removed therefrom any such fowl or animal so kept.

RULE 29. No swine shall be kept within the limits of the town, without a license first obtained therefor from the Board of Health, and then only in such place and manner as it shall direct.

GEO. W. GALE, M. D.,
WILLIAM F. BELCHER,
BENJAMIN F. ROBINSON.

Board of Health.

REPORT OF Inspector of Plumbing

SAUGUS, MASS., January 1, 1906.

To the Board of Health:

GENTLEMEN,—I herewith submit my first report for the year 1905, from May 1st, to December 31st, 1905. The number of inspections made during the year, together with the number of different inspections, will be found in the table herewith annexed:

Total number of inspections	107
Permits issued	55
Permits refused	0
Certificates required	55
Cesspools inspected	52
Complaints of violation of plumbing ordinance	1
Complaint investigated	1
Violation of plumbing ordinance	1
Miscellaneous calls	48

Respectfully submitted,

THOMAS C. SUTHERST,

Plumbing Inspector.

Free Public Library.

The Trustees of the Public Library respectfully submit their eighteenth annual report for the year ending December 31, 1905.

The reports of the Trustees from year to year must necessarily present nearly the same features. Nothing of especial interest has occurred during the year, and thus our report must be variations upon old subjects.

Our aim has been to add to the library as many of the best books as our means would allow, and to attain the widest possible use of the valuable collection of books already on our shelves. The library is well patronized, but deserves even more extended use than it gets now. There are many valuable books that do not often leave the shelves.

Anything that will call the attention of the children to interesting books other than fiction should be encouraged.

The number of books loaned has increased by 3,233 over the year 1904, partly due to the opening of the library one more afternoon in each week. The number of borrowers has increased 458 in the same time.

The use of library books in the schools has increased rapidly since the beginning of last year, and the policy of the library has been to secure books suitable for that purpose.

Every effort is made to make the library useful to the town, and the increase of patrons is gratifying. Our motto is, service for young and old and our aim, to make a visit to the library pleasant and profitable.

As the library grows it is naturally expected to serve higher uses. People come to find information on the subjects which business or pleasure or study bring to their minds. They come to get questions answered, to get knowledge which shall be useful in the affairs of life.

The great need of the library to-day is more room. In our last report we mentioned the fact that a new library building would be necessary in the near future. Your trustees have had under consideration the enlargement of our present quarters by running a partition across the court room, and connecting the northerly part of the same with the present library room, which would give space for a reading and delivery-room, thus leaving more space for books in our present room. The library could then be entered by the northerly side-door of the Town Hall. This project would postpone for some time the need of a new library building.

Acknowledgment is due to our Congressman for various government publications, Nathan M. Hawkes for Report of the Park Commissioners of the City of Lynn, Mrs. Philip A. Chase for Memorial of Philip A. Chase, Clarence Coates for books, Miss Clara J. Calley for books and magazines, Mrs. F. C. Cheever, Mrs. John Walton, Miss Mary Thayer, Miss Emma Newhall for magazines; reports and bulletins from other libraries, four volumes Cumulations Index to Periodicals from M. Osborne of Peabody Institute Library, and a case of birds from the estate of the late Henry Upham.

Your Trustees recommend an appropriation of \$800 and the dog tax for the coming year, as it has been deemed necessary to have a new supplementary catalogue right away.

Respectfully submitted,

JAMES R. HUGHES,
GEO. A. LEAROYD,
ARTHUR B. COATES,
CLARA J. CALLEY,
ROSCOE S. BUTTERFIELD,
LEVI G. HAWKES,

Trustees.

Report of Chief of Police.

To the Honorable Board of Selectmen:

GENTLEMEN,—I herewith submit my tenth annual report, showing the present condition of the Police Department, and reviewing briefly the duties performed during the year ending December 31st, 1904.

Chief of Police.

CHARLES O. THOMPSON.

Regular Officers.

Capt. Roland C. Mansfield. Frank W. Joy. J. Henry Williams.

Special Officers.

P. A. Flaherty.	Charles Clark.	Thomas Barrett.
E. P. Burnham.	Justin E. Mansfield.	Arthur B. Mansfield.
Charles E. Torrey.	J. W. Rea.	
F. W. Clark.	F. W. Feakins.	

Arrests.

The whole number of arrests for 1905 was 157, of which 148 were males and 9 females.

Nature of Offence.

Assault, 3; assault and battery, 4; assault with a dangerous weapon, 4; breaking and entering and larceny, 4; breaking and entering, 3; cruelty to animals, 2; drunks, 55; defaults, 1; disorderly conduct, 2; disturbing the peace, 2; discharging fire arms, 2; evading fares, 1; gambling on the Lord's day, 9; hunting on the Lord's day, 1; hunting without a license, 1; larceny, 20; peddling without a license, 6; profane language,

2; manslaughter, 1; speeding automobiles, 4; stubborn child, 2; truancy, 3; throwing dangerous missiles, 2; trespassing, 3; violation Town by-laws, 8; non-support, 2; neglected children, 2; lewd and lascivious, 2; keeping children from school, 4.

Court Cases.

There were 243 criminal cases including continued cases tried in this court.

Disposed of as Follows:

Continued cases, 75; appealed, 4; committed to Salem Jail, 9; committed to State Board of Charity, 2; to Lyman school, 2; to Lancaster, 1; defaulted, 4; discharged, 7; filed, 46; fined and paid, 58, held for Grand Jury, 8; held for Superior Court, 4.

Miscellaneous Work of the Department.

Complaints received and investigated, 405; committed to Danvers Asylum, 4; dead bodies removed, 5; arrested for out of town officers, 2; disturbances suppressed, 42; doors found open and secured, 95; dogs killed, 73; lights furnished for dangerous places, 14; lights found burning, 53; lost children restored, 7; runaway horses stopped, 2; stray teams put up, 4; windows found open, 42; responded to fire alarms, 54; calls for ambulance, 55.

I would recommend that the sum of \$4,500.00 be appropriated for police service for the year of 1906, as the demands on the department increase with the growth of the Town, being obliged to overrun my appropriation \$229.19 in the year 1905.

Financial Statement.

	\$4,000 93

The total amount of fines paid during the year was \$376.50.

Conclusion.

In concluding my report, I desire to thank the honorable Board of Selectmen for the support accorded me at all times. Also Judge William E. Ludden for his most courteous and valuable assistance.

I wish also to extend my thanks to the officers both regular and special for the faithful and efficient manner in which they have performed the duties intrusted to them.

Respectfully submitted,

CHARLES O. THOMPSON,

Chief of Police.

Report of Water Commissioners.

For the benefit of the citizens who are unfamiliar with the conditions under which the Town of Saugus procures its present water supply, the Water Commissioners would like to add a brief preface to the regular annual report.

In the year 1878 the first water pipes were laid in the Town of Saugus, and for this purpose the Town appropriated \$6,000. Pipes were laid through the main streets of East Saugus, and a contract entered into between the Town of Saugus and the City of Lynn, whereby Saugus was to receive its water supply from Lynn under the following conditions: Saugus to lay pipes, equipped with hydrants and gates, and to own the same. The City of Lynn to lay the service pipes from the main pipe to the cellar wall, at a stated price to consumer, and also to look after all repairs and collect all water rates at their own expense. A rebate of 37 per cent. to be returned to the Town of Saugus annually on money collected.

This arrangement proved satisfactory and continued until 1887 when it was deemed advisable to extend the water supply into other sections of the Town, and for this purpose \$40,000 was appropriated. About eight miles of pipe was laid at this time and the water supplied by Lynn under contract similar to that previously entered into. Most of the earlier pipe laid was what is known as cement pipe, but during later years cast-iron pipe has been used exclusively.

Until the year 1895 there was but one pipe line connecting Saugus with Lynn, but at this time a new line was laid through Elm street to Walnut street, down Walnut street to the Lynn line and there connecting with the Lynn service, and in this way giving the Town two main water lines from Lynn, thus providing against insufficient water pressure in case of fire, furnishing

a free circulation of water and preventing the Town from being deprived of water, as it might be in case of an accident to a single main.

In the year 1892 it was found that the 37 per cent. rebate which had been returned to the Town by Lynn, was inadequate to sufficiently reimburse the Town for money expended on its water plant, and a new contract was drawn up, in which the town was to receive a 50 per cent. rebate from Lynn, paid semi-annually, and this contract is the one existing to-day.

The present valuation of our water plant is \$125,000 from which we will receive from Lynn for the past year \$6,231.33.

Last year the Town appropriated \$2,500 for the extension of water pipes, but this proved insufficient for work which should have properly been done, besides handicapping your Water Board in the satisfactory purchasing of such supplies as were needed.

Fortunately we have been spared the severe cold weather this winter, which might ordinarily be expected, and there has been no freezing of pipes. Had there been, we were entirely without funds to meet the expenses. At the present time we are extremely low in necessary stock and a considerable sum must needs be expended to procure such material as we deem it not prudent to be without.

This year your Water Board will ask for an appropriation of \$5,000 to be made in water loans, and these loans being made by the Town Treasurer as necessity may demand.

As our water plant is one of the few paying investments which the town has, it does not seem wise to unnecessarily curtail the appropriation, if judiciously used.

The Water Board do not intend to lay pipe on any street where the amount of water taken will not equal or exceed 6 per cent. on cost of construction.

We trust that the following yearly report will prove satisfactory, and we will endeavor during the coming year, to use such appropriation as the Town sees fit to make for its Water Board, in a manner which will be to the best interest of the Town.

Report of Cemetery Commissioners.

Your Cemetery Commissioners herewith submit to you their report for the year ending December 30th, 1906.

We have had to build the avenue from the tomb to the east gate, this year and until late in the year, when the Town began to widen Winter street we were at a loss to know how we were going to do it, and still keep within our appropriation, but upon asking for the gravel, we were told we could have it if we would cart it. We put on four teams and carted over 800 loads, the only cost to us was the carting. We have had a sign painted and placed at the main entrance bearing the words, "Riverside Cemetery, 1844." We have expended the whole \$2,100.00 you gave us and we think we have derived an equivalent for the same. As receipts from the cemetery you will see by the Superintendent's Report, we have turned into the Town Treasury, the sum of \$1,922.25 and we have outstanding bills to the amount of \$376.60.

We are very much in need of more land for Cemetery purposes, and would recommend that you authorize your Commissioners, to purchase or take by right of eminent domain, the piece of land between the estate of J. B. True and our present Cemetery. In this piece there are some 49,000 square feet and with this addition we should be enabled to run along for several years. This method we think very much cheaper and better at the present time than to try to start a new Cemetery. This land belongs to the heirs of the late Mr. Wilson, and our Chairman, Mr. Atherton, had some talk with Mr. Wilson some time ago about what he would sell this to the Town for and it was about \$3,500.00. We shall place an article in the warrant for our Town Meeting for that purpose, and at that time you can tell us what you think of this proposition.

We shall ask you for our Cemetery appropriation this year all under one amount, as by so doing it is very much easier to keep one account than three, and they are all for Cemetery purposes. We shall ask you this year to appropriate the sum of \$2,200, for Cemetery purposes. For an account of the work and interments the past year we refer you to the Superintendent's Report which is hereby made a part of our report.

Respectfully submitted,

H. H. ATHERTON,
J. S. MEACOM,
R. P. WHITCHER,

Commissioners.

Report of Cattle and Milk Inspector.

I have inspected at slaughter house eight head of beef cattle and 58 hogs all of which were free from contagious disease.

In making the annual inspection, I examined 876 head of cattle and 116 hogs, all of which were in a good condition.

I have taken 111 samples of milk all of which were of the required quality and delivered 25 licenses.

Respectfully,

A. W. SAWYER,

Inspector.

	<hr/>	\$27,104 73
Balance unexpended . . .		\$694 77

SPECIAL APPROPRIATION FOR REPAIRS.

March, 1904, was	\$500 00	
Amount expended	484 69	
	<hr/>	
Balance unexpended		\$15 31

Report of School Committee.

Because the first consideration for the Town of Saugus, and for all communities within the Metropolitan District must from now on be the most rigid kind of economy, this report will be devoted in the main to financial matters leaving the problems of teaching and the other matters of detail for treatment in the report of the superintendent of schools. At the outset the committee wishes to state its belief that the liberality with which the Town has always dealt with the school appropriations has been particularly worthy of comment. Never, so far as can be remembered, has any appropriation asked for by the school committee been denied. It has plainly been the policy of the Town to grant every convenience and every text book of value to the schools which the meagre income of the Town would permit, and it has likewise seemed to be part of the same policy to allow this committee to be the judge at once of what was necessary and of the Town's ability to obtain it. This has placed a double responsibility on your committee. The Town so willingly granted that it was very easy to ask too much or to be too lavish with what was granted. There are so many things which towns all around us have and which seem at times absolutely essential, that it has often been difficult to decide where our strongest duty lay, to have these seeming necessities or to hold down the expenses. We believe, however, that analysis of the expenditures will show that your committee has always leaned toward economy rather than toward large expenditures for school purposes.

The Need of More Money.

And yet it is necessary that once more your committee should ask for an increase over the appropriation of the previous year. This must always occur in a town which grows. Two years

ago the increase asked for was for the purpose of increasing salaries of teachers and the average rate of \$450 for teachers of all grades, except those of the High School, was established. Even this sum is too low and Saugus ought at an early date, if it is to prevent other towns from hiring our better teachers away from us, to raise this sum to at least \$475 per teacher. We have not asked, however, for money for that purpose and no increase in salaries is contemplated during the coming year.

The principal cause of this need for more money shown in our estimate is the opening of additional school-rooms. This is not to say that if the new buildings had not been constructed, the same increase would not have been necessary. As a matter of fact, the running expenses of the schools would have required any way pretty much the same amount as the committee now asks. The difference would have been that the new rooms which would have been opened of necessity would have been in buildings which the Town did not own and the rent which the Town would have paid for such unsatisfactory quarters would have offset such increase as we have asked at this time for fuel and janitor service. As a matter of fact it is not our intention to open rooms in the new building except as we are warranted in so doing by the school population.

This matter of new buildings introduces an element of uncertainty in the estimate. Your committee may even be able, by mere luck as it was this year, to turn back a balance into the hands of the treasurer. We do not believe, of course, that this will result for, if we had, our estimate would certainly have been decreased sufficiently to offset any such possibility. The citizens will recognize, however, that no estimate of the probable cost of running a building not yet completed can be anything better than a good guess. We know about what it will cost for teachers and about what in our minds we believe it will cost for janitor service. But the amount of fuel, the water rate, and for that matter, the absolute number of rooms which the growth in the school population will require us to open are so quite beyond our control, and practically beyond any one's ability to estimate, that the total for which we have asked may be out of the way when the final test of real experience comes.

Crowding of Scholars.

This leads very naturally to a discussion of the accommodations which the schools at present have. It was very fortunate and altogether surprising that the increase in the number of scholars last fall was less than the committee and teachers had expected. That, by the way, was what enabled your committee to keep so well within its appropriation. Cliftdale, where an average of one new room every year has had to be opened, proved not to need an additional room this year, although when the scholars were eventually evenly distributed, almost every school was close to the limit of fifty per room contemplated by law. It is quite absurd, of course, to believe that this good luck will be met with another fall, and another room is almost certain to be necessary. For that reason, we believe that the building just completed on Lincoln avenue, half way between Cliftdale and East Saugus, will be ready none too soon.

So far as East Saugus is concerned, the new school has been needed for two or or three years. The lower grades have for at least that length of time been all too large for one teacher, and the plan of two teachers to a room has never in our experience given real satisfaction, although many times we have been compelled to resort to it. This last fall the conditions in one room became quite beyond endurance and a new room had to be opened. A great deal of difficulty was experienced in finding a place for this room. Only three plans were feasible. One was to hire the vestry of the East Saugus church, but the trustees of that church preferred not to rent their vestry. Another plan was to hire some vacant building in the village and expend some money in putting it into condition. Investigation showed that this plan would be very expensive, in fact as expensive as would be the plan of finishing off a school-room over the Hose Company in Franklin square, which had appealed to us at first. We could not believe that such an expenditure, which would be made for the benefit of a class that would abandon the quarters within a year to remove to a brand new building, was wise or likely to meet the approval of the town.

The third plan, which was finally adopted, was that of renting a room in the building belonging to the Masons. That body were not anxious to rent any portion of their building, but finally agreed to do so for the sum of \$25 per month. A portion at least of your committee felt that this rent was larger than the committee could afford to pay for the use of only a part of this building, but the meetings of the Masonic Order occur so infrequently and the need of quick decision as to the opening of the school was so urgent, that the arrangement was made and the school opened. Your committee had under consideration a request for a reduction in this rate, to be mailed to the Masonic body for discussion at their next meeting, at the time when their building was destroyed by fire. With this building gone, the committee were once more strongly impressed with the fact that the provision of additional school facilities for East Saugus ought to have been made at least several years ago, and that it was very fortunate that a new building was soon to be ready for occupancy.

At Saugus Centre the town has for years been holding nine grades of school in seven rooms. This has proven very unsatisfactory to all concerned, because it has meant that some grades would be half with one teacher and half with another. Of course some of the results from this were bound to be unfortunate. No two teachers are of equal ability and the progress which some scholars would make with one teacher, as compared with that made by others of the same grade under the second teacher was calculated to and did produce many heart-burnings and some really unpleasant results. The committee feels great relief at the fact that when the new High School building is done and the whole Roby building available for grammar schools or primary schools there can be a separate teacher to each grade and a separate room for each. Besides, the growth in the number of scholars at the centre has brought very near the time when nine grades could not healthfully be kept in seven rooms. As a matter of fact at least one of the rooms is badly overcrowded now for the second consecutive year and in this room, that of Mrs. Peckham, relief is urgently needed.

Superintendent and Committee.

In closing, it has seemed to your committee that two of its matters of policy ought to be carefully explained to the people with a view to setting right certain misapprehensions. The duties of a member of the school committee have changed largely in the last few years. A few years ago these duties included almost every task in connection with school work except the actual teaching. The school committee bought the supplies, hired the teachers, had charge of the repairs to the buildings, visited the schools for the purpose of supervising the teachers' work and in certain cases even had charge of the punishing of scholars. One by one these functions have been taken away from the committee by law or wise experience and vested in paid officials. The office of superintendent of schools has been created by the state law and each town is compelled to have such an official. Upon this official's shoulders has been placed the task of visiting and supervising the schools. The members of the school committee are no longer expected to do this work.

It was but a short step from this first duty of the superintendent of directing and supervising teachers in their work to that of picking those who were to do the teaching. In many of the large cities the plan is followed absolutely of never electing any one as a teacher unless that one is recommended, and in fact proposed, by the superintendent. The school committee of Saugus has not been willing to go so far as that. It does place upon the superintendent the duty of hunting up teachers for vacant positions, and no teacher is elected without a discussion with the superintendent of the candidate's fitness. But your committee reserves to itself the entire right to elect the teachers and on every occasion exercises in the end its own judgment. It has believed it to be its duty to reserve this independence to itself.

It is true, however, that when vacancies suddenly occur, some one must have authority to fill the same without waiting for a full committee meeting. No teacher would be willing to take employment for a week or two only or until the committee can determine

her case and on the other hand the committee would act unwisely if it granted a full election to a teacher hired hurriedly and still untried. For this reason authority is given the superintendent here as in other places to fill vacancies, but a teacher so selected is always on trial and subject to discontinuance of employment if her work proves unsatisfactory. A certain number of such teachers must always be on our lists so long as we are unable to hold regularly elected teachers when larger remuneration is offered elsewhere.

Your committee would be very ungrateful if it did not thank the citizens of the town for the generous treatment which the schools have received. The increase in expense each year has been cheerfully met. There has been no niggardliness on the part of the voters and no attempt to practice by curtailing the expenditures for schools, that economy which every town must give more and more attention to in the next few years. We believe in the long run that this policy of moderate liberality is far wiser than that of holding down appropriations for schools to the lowest figure consistent with safety.

HENRY J. MILLS,
GEORGE M. AMERIGE,
FRANK P. BENNETT, JR.,

We estimate that we shall require for the year 1906 as follows :

Teachers	\$20,000
Janitors	3,500
Supplies	3,000
Fuel	2,900
Incidentals	1,000
						<hr/>
						\$30,400

Report of Superintendent of Schools.

To the School Committee :

GENTLEMEN,—I have the honor to submit herewith my twelfth annual report as Superintendent of Schools.

The past year has not marked the appearance of great or unusual changes in organization or management. The several schools have moved along successfully and in nearly all cases good results have been in evidence. The teachers in general have done faithful and effective work, and to them should be given the credit for the successes of the year.

The total average membership of all the schools for the year closing June 30th, 1905, was 1,294, an increase of fifty nine for the year. The average membership for the fall term ending December 22nd, 1905, was 1,389, a gain of 89 over the fall term of 1904. The increase at East Saugus was so great that an outside room was hired and an additional school opened.

Thirty-eight regular teachers are now employed. Of this number five are in the High School, eight at the Center, seven at East Saugus, fifteen at Cliftdale and three in outside districts. Eight of these are college graduates, eighteen are Normal School graduates and four others have attended Normal School without graduating.

The average membership figures for the past ten years are here inserted. They are so arranged that the growth from year to year of each section of the town is shown as well as the growth of the town as a whole. It will be observed that the East Saugus schools have nearly doubled since 1896, even though five years ago about thirty scholars withdrew to attend the Lynnhurst school when it was opened.

The growth at Cliftondale has also been rapid although the area from which these schools draw has been somewhat increased. When the Felton school was opened a considerable number living in the Adams avenue section were transferred from Saugus Center to the new school.

School Accommodations.

When schools opened in the fall it was discovered that at Cliftondale all the pupils could be seated without the opening of additional schools. Numerous transfers of pupils were made but parents recognized the necessity and cheerfully accepted the accommodations offered even though they were not always in the building of their first choice. Several of the schools have been large, too large for the most successful work; yet all pupils have had comfortable and convenient school-room necessities.

At Saugus Centre the schools have been somewhat larger than one year ago. The school of grades eight and nine has had about fifty-five pupils and an assistant teacher has been employed. The principal did most of the class teaching and the assistant corrected papers, did clerical work and taught the pupils individually. In this way the large school of the highest grammar grades has been cared for in a very satisfactory manner.

No other assistant has been employed at Saugus Centre this fall although two of the schools have been large—about fifty pupils each. Last spring term an assistant was employed in Mrs. Peckham's room.

At East Saugus the number of pupils were so largely increased this fall that the problem of properly caring for them was a difficult one. It was found that we had 250 pupils and only four school-rooms. A room in the masonic building was hired, fitted up and the girls of grades three and four placed in this room. Two teachers cared for grades one and two in one room, nearly seventy pupils. The principal, Miss Coker, was given an assistant and had nearly sixty pupils of the highest grammar grades. The school has been conducted in the same way as the school with two teachers at Saugus Centre. With these changes, using the four school-rooms, and one outside room, and employing seven teachers the East Saugus schools are being cared for as well as may be under the circumstances. For this section additional school accommodations are a necessity and will be ready none too soon.

Since the above was written and just as this report goes to the printer, the Masonic building is so badly damaged by fire that

the school must find other quarters. For the present two schools are put on half time, each using one of the school-rooms for one session a day.

Teachers.

The following is the list of changes in our corps of teachers for the year 1905.

WITHDRAWALS	SCHOOL	ELECTIONS
Harriet M. Bryant	Felton	Mabel E. Bemis
Beatrice A. Randall	Felton	Bertha I. Phillips
Olive E. Bryer	Brick	Annie E. Rhodes
Hulda J. Barnes	High	Edith M. Ellsbree
Maud E. Richardson	Saugus	Harriet A. Harlow
Alice B. Sawyer	Brick	
Florence M. Henderson	Felton	
Gertrude M. Hart	Saugus	Florence L. Black
Elizabeth A. Rowe	Lincoln Avenue	
	Lynnhurst	M. Ellinor Forsyth
	North Saugus	Maud L. Plummer
	East Saugus	Mary E. Greene
	East Saugus	Lucie Mears-Norris
	Essex street	Susie L. Fitz
	Saugus	Alice J. Potter
Harriet A. Harlow	Saugus	

TRANSFERS	FROM	TO
Elizabeth P. Lefavour	Essex Street	Felton
Edith K. Moore	Lynnhurst	Brick
Alice G. Smart	North Saugus	Lincoln Avenue

During the year ten teachers have withdrawn,—three because of ill health, three to be married and four to accept more desirable positions elsewhere. Of the first-named, Miss Bryer was granted an indefinite leave of absence, it being understood that she could have her school again when she was able. Miss

Bryant, a very popular and successful teacher, was obliged to give up her school in April; she died in September. Miss Harlow began work in Saugus in September. Her service was unusually acceptable to all and marked success for her was assured, but a serious illness began about Thanksgiving which terminated fatally early in January.

Memorial Day.

Memorial Day exercises were given in all the schools Monday, May 29. This was in accordance with our usual custom as well as the law of the State and an abiding desire to perpetuate the memory and patriotism of our fathers. In advance of the day, an outline program was prepared giving the time of the exercises in the several schools. Members of the G. A. R. and many friends and parents attended and contributed to the success of the day. The programs indicated much interest and careful preparation on the part of the teachers and pupils, and all conducted themselves in an entirely praiseworthy manner.

High Schools.

Mr. C. E. Stevens, Superintendent of Schools:

DEAR SIR,—I herewith submit to you my fourth annual report of the Saugus High School.

Enrollment	116
Average membership for the year	102+
Percentage of attendance	93½
Present membership	111

Each of the above items shows a gratifying increase over the report of last year. In the percentage of attendance there has been a gain of over one per cent. but it is still much too low. It seems unfortunate, to say the least, that pupils of the High School should lose on an average two and a half weeks out of each year because of sickness, yet most cases of absence were so explained. Few of our scholars bring lunches to school, but supply their wants from the near-by stores. May there not be a close connection between the quantities of pie, cake and con-

fectionery consumed at intermission and the cases of headache and indigestion so frequently reported? If so, does not the advisability of a lunch room in the new school building where suitable lunches may be obtained at reasonable cost suggest itself?

It should be noted that fewer scholars have left school this year than usual. Our present membership is 111, out of a total enrollment of 116. One reason for this is that out of an entering class of forty-eight, not one entered on condition. Consequently, nine have been dropped because they were unable to keep up with their work.

In our regular work there has been nothing abnormal or startling to report. We have carefully followed the prescribed course of study and much good work has been accomplished. The same cordial relations have existed between pupils and teachers as heretofore, and my assistants have rendered their usual faithful and efficient service. There has been only one change of teachers since my last report. After three years of excellent work Miss Barnes resigned at the close of the spring term. Miss Ellsbree, who took her place, has carried on the work most satisfactorily.

During the past year thirteen scholars from our school, including six graduates, have taken a course at a business college. Under a competent teacher such instruction might just as well be given in our own school, much time gained, much expense to the parent saved, much knowledge acquired that cannot be taught in a business college, and the pupil kept longer at home and in school. Since a business course seems to be so generally demanded, will not the next year be a favorable time to introduce it into our school?

At last, with the assistance of the School Committee, the scholars have succeeded in raising enough money for the purchase of a new piano which they much enjoy.

Financial Report.

Amount of money on hand Jan. 1, 1905 . . .	\$209 03
Received from Bond prize contest . . .	38 90
Received from gift of Class of 1905 . . .	25 00
Received from sale of programs . . .	4 25
Interest accumulated . . .	2 92
	<hr/>
	\$280 10
Paid for printing . . .	\$5 50
Paid for elocution teacher . . .	25 00
Paid for recitation programs . . .	3 50
Paid toward purchase of piano . . .	225 00
Paid for cover for piano, express for	
same, etc. . .	5 00
	<hr/>
	264 00
	<hr/>
Amount on hand Jan. 1, 1906 . . .	\$16 10

In conclusion, I wish again to thank you and the gentlemen of the committee for your kind and helpful interest throughout the year.

Respectfully submitted,

LELAND A. ROSS.

Music.

Your attention is called to the report of the teacher of vocal music.

Mr. C. E. Stevens, Supt. of Schools, Saugus, Mass.:

During the year past, I have followed much the same lines of teaching music as reported in previous years. There is a steady growth in the power to read music intelligently. Quality of tone, rhythm, and intervals are constantly taught and reviewed, keeping in mind the mental activity of the children.

More attention has been given to individual work, but the time

allowed for music each week will not admit of as much time for individual work as I would like.

We aim to cultivate in the children a lively appreciation of good music, by the singing of the best exercises and songs in one, two and three parts; so that they will not be satisfied to sing or study anything below the standard of excellence which has been established through the material that has been the medium of development.

The usual chorus of children from the grammar grades sang at the Memorial Day exercises. For a number of years the children have sung for the G. A. R. and I am glad to have them take an active part in these patriotic exercises.

Some years ago a piano fund was started in High School whose growth was slow but steady, but it was not until this year, by the generous gifts of school committee and class of 1905 that our ambitions were satisfied and an instrument purchased.

The High School music at graduation was worthy of mention it being the best for some years. Our orchestra, composed of high school pupils, having given much time to preparation, added greatly to the success of the program.

Without the hearty support of the committee and the faithful work of the teachers, the good work in music could not be accomplished, and I wish to thank all for their help.

HELEN M. PAGE.

Drawing.

Mr. Charles E. Stevens, Superintendent of Schools:

DEAR SIR,—It gives me pleasure to submit the following report of my year's work in the town of Saugus as drawing director.

My plan of keeping a careful record of each month's work has been continued this year as it was last year. At the end of each month I have made a record of those things in which we have made errors, had misunderstandings, successful lesson plans, progressive steps found helpful and words of encouragement and criticism received from the teachers. These notes I find of great

value in helping me to head off difficulties, in helping me to see where we are making progress and wherein our course should be altered.

There has been a few changes in the course as published this year. The greatest change is in our method of going about the work and this is a change that we should keep up each year lifting better up to best. The work in color is new and rather difficult for some of the teachers to handle but I am pleased to report that some very excellent work has been done in this line. This year we shall continue this work and associate it more closely with the life of the children outside the school-room.

It is very gratifying to a man to feel that there is something constantly ahead of him. Many young men tell me that the work on which they have entered has no more opening for them, nothing ahead, and that they are discontented because of this lack of any chance of either developing themselves or of developing their work. This seems a sad state indeed. We who are teachers should be continually praising our good fortune and constantly happy in thinking that there is always some good thing ahead for us to study over and conquer and having accomplished one victory to study over and achieve another. From our past year's work I have gleaned these few aims toward which we must press in a united force this year.

To form habits of going about things and drawing in the best possible way, using all the light and knowledge we possess at the time. To create a more contagious desire to have drawings correct in general proportions. To develop a more progressive course of study. To associate our color study with every day life. These may be put in a very homely way but it is well sometimes to come down out of the clouds of ambiguous speech and say something with an honest, straightforward homely swing.

Support.

I here wish to thank the teachers who have worked so well and accomplished so much considering the little help I have had time to give each individual one. The work of the new teachers

greatly pleases me and I thank them for their efforts to make their work satisfactory. I trust that their eager efforts will continue.

Whenever I can see children forming habits of working in a right way, when I see thought and study standing right out through a month's work and the good habits formed in one year helping to build up a better and stronger one the next year, I am filled with delight. But when the opposite conditions exist for any length of time I am deeply pained.

Teachers' Meetings.

A successful drawing director's meeting cannot be conducted without drawing and drawings. The best possible kind of a meeting is one in which some of the drawings are made by the drawing director and some by the teachers. If my time can be increased I hope to conduct some of these ideal meetings as I have done in another town.

The call for pupils' work to illustrate our course and the demand for drawings to show just what can be done with a given subject, have been so strong and so often repeated that I have been prompted to study out the following plan to gratify these demands.

Two weeks of my vacation were spent in arranging and mounting children's drawings, selected from the year's work, on paper charts 22x36. I have from one to four of these sheets to illustrate each month's work for every grade. This work shows what not to do as well as what is well to do. At the grade meetings these drawings are exhibited. The teachers talk them over while examining them and get from them just the help they need.

High School.

Again the question of time has so hampered me that I have been obliged to take all the pupils in the freshman class, forty-six in all, in one section, in place of two sections, the better plan. As the work is now arranged there is little time for individual

attention. The class is to take mechanical drawing for the first half of the year and freehand drawing the latter half. By the present plan the Freshman Class is the only class receiving instruction in drawing. There are many in the other years of the High School who would like to take up this study but are prevented from doing so because my time is so filled I cannot give the time for another class.

The State Agent for the Promotion of Industrial Drawing, Mr. Walter Sargent, has been holding a series of conferences for Drawing Directors throughout the state. At these round tables many interesting matters have been warmly discussed. One of these is the question of "How to Get Better Drawing in Our Schools." This topic has been traced from the teacher who admits lack of training in the Normal School to the Normal School where they accuse the drawing directors of sending them High school pupils who are not properly trained, from the High School drawing teacher to those who have charge of the course of study in the High School, who crowd the pupil's time too full of other studies or who will not encourage pupils to take up this study. President Elliot calls this kind of a course "monstrous." This seems to bring the problem quite close home to us. With the opening of the new High School, I hope all those pupils who are to enter normal schools will be required to take drawing for at least two years of their course.

In my report of last year I said that I felt and knew that more time should be allowed for the directing of drawing in Saugus. With the increase of schools which will come this year I feel an increase in time will have to be made. It is impossible to visit all the schools each month by the present plan and in the time now allowed. With a new High School, the Roby School filled with grade pupils and extra rooms opened at East Saugus, the Director's visits will be few and far between if the time is not increased.

In many towns where there are fewer schools and fewer pupils than in Saugus, three days each week are given to supervision. Are not our teachers to receive as much help and are not our pupils to be trained as well as those in other towns?

This reports deals largely with facts, but very important ones, that I feel the people of Saugus should know. My year's work has been a pleasant one, and I wish to thank those who have aided in making it so happy a one.

Respectfully submitted,

C. EDWARD NEWELL,

Drawing Director.

The attention of the citizens is called to the foregoing table compiled from the forth coming report of the Secretary of the State Board of Education giving certain facts in regard to twenty-five cities and towns in this section of the state. In the first column is given the total expense of the public schools for a year. Every item of expenditure is included except repairs and school-house alterations or building. In column two is given the population according to the latest census, 1905. In column three is given the average membership of the public schools for the year ending in June, 1904—the latest figures available. In the last column is given the average cost per pupil for the year based upon the average membership.

An examination of the table leads to the conclusion, (1) that the cost of the public schools in Saugus is less for each scholar than in every other city and town of greater Boston, with but two exceptions. While the average cost per pupil in Saugus for the year in question was but \$21.57, there were only five other places in this section when the cost was less than \$25 a pupil.

(2) A comparison of the average membership figures with the population will show that Saugus has a very large percentage of its population in school. While the average membership for the year ending in June, 1904, was but 1,235, for the year following it was 1,294 and at the present time we have nearly 1,400 in school. So it is evident that in this Town there are from 20 to 22 per cent. of the people always in school. This is two or three per cent. more than usual and from five to eight per cent. more than in towns having private schools.

Appended to this report is the revised course of study in mathematics. The course was published several years ago, but being now entirely out of print, it was thought best to revise, make a few desirable changes and reprint with the annual report. Teachers and parents as well will find the outline useful.

Respectfully submitted,

CHARLES E. STEVENS,

Superintendent.

SUMMARY

FOR THE YEAR ENDING JUNE 30, 1905.

Number of children in Town, September 1905, from 5 to 15 years of age.	1,301
Number of boys	624
Number of girls	677
Number between seven (7) and fourteen (14)	941
Whole number enrolled in all schools	1,495
Number of boys	717
Number of girls	778
Number under five (5)	6
Number over fifteen (15)	132
Number between seven (7) and fourteen (14)	1,021
Average membership	1,294
Average attendance	1,173
Per cent. of attendance	90
Number of teachers employed, including specials	38
Increase during the year	3
Number of teachers withdrawn	10
Number of new teachers	12
Number of different schools	30
Increase during the year	1
Number of tardinesses	2,049
Number of dismissals	898
Number of visits, not including those of Committee and Superintendent	1,734

FOR THE FALL TERM, 1905.

Average membership	1,389
Average attendance	1,308
Per cent. of attendance	94
Number of teachers, including specials (2)	40
Number who have attended Normal School	22
Number who have graduated from Normal School	18

Graduating Exercises
OF THE
Class of '05, Saugus High School
Tuesday, June 27, 1905.

PROGRAM.

MARCH—A Cordial Greeting *Bennet*

HIGH SCHOOL ORCHESTRA.

PRAYER

REV. FRANCIS L. BEAL.

OVERTURE—Isle of Love *Bendix*

HIGH SCHOOL ORCHESTRA.

ESSAY—Glimpses of Famous Poets

EDNA ANN FISKE.

(SECOND HONOR).

ESSAY—Common Superstitions

EDITH MAY RICHARDSON.

CLASS HISTORY

FLORENCE MAY FELTON.

MUSIC—Winter Song *Bullard*

BOYS' CHORUS.

ESSAY—Veneering

JULIA ATHERTON.

CLASS POEM—The Brook's Story

ELSIE COOMBS.

CLASS PROPHECY

BERTHA MAY COWAN.

MUSIC—Greeting to Spring *Strauss*

MIXED CHORUS.

ESSAY—Historic Trees

WINIFRED DIZER KNOX.

*ESSAY—Famous Women

ELLA MAY THISSELL.

CLASS ORATION—Is True Enjoyment a Worthy End
in Life?

RUSSELL TAYLOR HATCH.

(FIRST HONOR).

MUSIC—Joys of Spring *Geibel*

GIRLS' CHORUS.

PRESENTATION OF CLASS GIFT

MABEL CHARLOTTE WILLEY.

ACCEPTANCE FOR THE SCHOOL

MABEL TURNER, '06.

AWARD OF DIPLOMAS.

SINGING OF CLASS ODE.

*Excused.

Graduates.

Post Graduate.

Annie Kinsman Crafts.

Classical Course.

Elsie Coombs,	Bertha May Cowan,
Florence May Felton,	Edna Ann Fiske,
Russell Taylor Hatch,	Ella May Thissell,
Marion Margaret Wilkinson,	Mabel Charlotte Willey.

Four Years English Course.

Frederick Lincoln Avery,	Bessie Fox McNutt,
Annie Hawkes Walker.	

Three Years English Course.

Julia Atherton,	Elizabeth May Goodridge,
Ada May Hanson,	Lulu Augusta Hudson,
Winifred Dizer Knox,	Edith May Richardson,
Mabel Lunetta Shepherd,	Hattie Wilson.

Bond Prize Recitations.

THURSDAY EVENING, JUNE 29, 1905.

PROGRAM.

"Piece out our imperfections with your thoughts."

Music.

HIGH SCHOOL ORCHESTRA.

The Ride Against Time . . . Albion Tourgee

*EDNA FISKE. .

The Hazing of the Sub-Freshman . . .

ALICE HATCH.

Gentlemen, the King . . . Robert Barr

WALTER ROBBINS. .

Patsy

MADELAINE PAIGE.

A Scrap of College Lore

ALFRED AXTELL

Music { *a.* I Love and the World is Mine . Charles Fonteyn Manney
 b. Shadows Margaret Mabery

MISS EDNA HUDSON.

(Mrs. Forristall at the Piano.)

*Not a contestant for a prize.

Sandy's Romance

MARIE COLBY

The Stable Boy's Faithfulness. Vogel

JOHN KING.

Angel's Wickedness Marie Corelli

GRACE NOERA.

The Cyclopedy Eugene Field

MINNIE WINCHESTER.

Music { *a.* Cradle Song Percy Lee Atherton
 { *b.* June Mrs. H. H. A. Beach

MISS HUDSON.

AWARD OF PRIZES.

The first prize was awarded to John King.

Second prize to Madelaine Paige.

Third prize to Grace Noera.

Bond prizes for "improvement" were awarded as follows:
 Two upper classes, John Labaree; two lower classes, Seymour Niles.

SAUGUS, MASS.

PUBLIC SCHOOLS

COURSE OF STUDY

IN

MATHEMATICS

1905

GENERAL DIRECTIONS.

1. Each teacher should study the entire course that she may obtain a broad view of the work, give intelligent and regular reviews and be properly influenced in her plans and methods by previews of higher grade outlines.

2. Teach each new process objectively at first. When pupils can think readily without objects discontinue their use.

3. There should be much oral work in all grades. It is more important than written work and should always precede it. It should be easy enough to permit the pupils to give their chief attention to the reasoning process.

4. In assigning lessons a minimum amount should be required of all, and an additional amount may be provided for the more rapid workers. Pupils quick in one study and slow in another should be allowed to use part of the study period of the former to lengthen the study time of the latter.

5. Develop the use of language, oral and written. Explanations should be required but not in any set form, although loose,

indefinite statements should not pass unnoticed. Neat and careful work should always be required.

GRADE I.

1. Recognition of numbers through ten by counting, without counting and through simple constructive work with measures.
2. Counting by ones, by tens, and by fives to 100.
3. Writing and reading Arabic numbers to 100 but no formal figure work.
4. Inch, foot, yard; pint, quart; cent, nickel, dime; square inch; cubic inch.

GRADE II.

1. Recognition of numbers from one to one hundred. Teach pupils to count to 100 by 1, 10, 5; then by 2, 3 and 4. Count backward.
2. Writing and reading of numbers from one to 1,000 noting carefully the significance of the position of figures. Roman numerals to XII.
3. Make a careful study of numbers from one to twenty. Much practice in estimating length, area, volume and weight. Test by actual measurement. Comparison of lengths and area.
4. Teach the fractions $\frac{1}{2}$, $\frac{1}{4}$ and $\frac{1}{8}$ in their relation to the foot, yard, quart, etc.; also of whole numbers.
5. Addition of columns of one figure; simple work in subtraction; very simple problems.
6. Denominate numbers as in previous grade.

GRADE III.

1. Review the work of previous grade. Continue the study and comparison of lines, surfaces and solids; estimating and measuring length, area, volume and weight. Find areas of square and oblong rectangles; of right-angled triangles.

2. Writing and reading of numbers to 1,000. Roman numerals to XX.

3. Teach the facts which occur in the multiplication and division tables to 100. Much rapid oral drill on numbers less than 20. Oral work in division with a remainder. Counting by 1's, 2's, 5's and 10's to 200; by 3's, 4's and 6's to 100.

4. *Written work.*—Addition in columns of two figures; subtraction using terms of not more than two figures; multiplication and division using no number of more than two figures, and no multiplier or divisor greater than 10. Many simple problems.

5. Denominate numbers. Review and extend the work of previous grade. Add the measuring units peck, bushel; minute, hour, day; ounce, pound.

6. Fractions. Review previous work. Teach $\frac{1}{2}$, $\frac{1}{4}$, $\frac{2}{4}$, $\frac{3}{4}$; $\frac{1}{3}$, $\frac{2}{3}$, $\frac{1}{6}$; $\frac{2}{5}$, $\frac{3}{5}$, $\frac{4}{5}$ of whole numbers. Teach objectively by use of divided rectangles. Objective comparison of halves and fourths; of thirds and sixths.

GRADE IV.

Addition, subtraction, multiplication and division of integers involving no number of more than four figures and no multiplier or divisor of more than two figures. Multiplication tables through 12×12 . Counting as in previous grade.

2. Write and read numbers to one hundred thousand. Careful attention to the significance of the position of figures. Roman numerals to C.

3. *Denominate Numbers.*—Measures of length, weight, volume, time and capacity reviewed and applied. Special attention to long measure, liquid measure, dry measure and United States money. Memorize tables.

4. *Fractions.*—Reduction of simple mixed numbers and improper fractions. Addition and subtraction of fractions

whose common denominator may be found by inspection. Addition and subtraction of mixed numbers. In both oral and written work give special attention to the fractions in common use, $\frac{1}{2}$, $\frac{1}{3}$, $\frac{2}{3}$, $\frac{1}{4}$, $\frac{3}{4}$, $\frac{1}{5}$, $\frac{2}{5}$, $\frac{3}{5}$, $\frac{4}{5}$, $\frac{1}{6}$, $\frac{5}{6}$, $\frac{1}{8}$, $\frac{3}{8}$, $\frac{5}{8}$, $\frac{7}{8}$.

5. Teach the per cent. equivalents of $\frac{1}{2}$, $\frac{1}{4}$, $\frac{1}{3}$, $\frac{2}{3}$, $\frac{3}{4}$, $\frac{1}{10}$. Simple applications, oral work only.

6. Develop clear ideas of right angle, acute angle and obtuse angle. Find area of cube and square prism. Find cubic contents of square prism.

GRADE V.

1. The fundamental operations with integers involving the use of numbers of not more than seven figures. Careful oral drill, especially addition. Factoring, prime factor, common factor, greatest common factor, using numbers occurring as products in the multiplication table.

2. Writing and reading of whole number of nine figures; of decimals through thousandths.

3. *Fractions.* Addition, subtraction, multiplication, division and reduction of fractions, easy work. Use largely the fractions given in Grade IV, or fractions, whose common denominators occur as products in the multiplication tables. Applied problems.

4. Addition, subtraction, multiplication and division of decimals using not more than three decimal places. Lead pupils to see reason for "pointing off" by using at first many simple examples. In the beginning the multiplier and divisor should be a whole number.

5. Review tables of denominate numbers previously taught. Applied problems. Reduction, addition and subtraction limited to two successive denominate units.

6. *Percentage.*—Continue the work of the preceding grade using the same rates and making the problems more difficult, oral and written work. Apply the language of decimals.

7. Review and extend the work of topic 6, Grade IV.

GRADE VI.

1. *Common fractions*.—Finish the subject with particular attention to principles and rules.

2. *Decimals*.—Careful review. Thorough drill in writing decimals and “pointing off.” Complete the subject.

3. *Denominate numbers*.—All the tables except troy weight, angular measure, surveyor’s measure, and apothecary’s weight. Many applied problems. Multiplication and division briefly.

4. *Percentage*.—Drill on easy problems involving the finding of percentage and rate. Make a beginning with problems in trade discount and gain and loss. Use such problems as would actually occur in business.

5. Greatest common divisor, least common multiple and cancellation. Avoid needless difficulties.

6. Find entire surface of square pyramid and develop rule. By drawing and cutting, teach pupils that the area of a circle is equal to an oblong with length equal to one half of the circumference and width equal to the radius. Surface of cylinder, length and diameter being given. Many practical problems.

GRADE VII.

1. Review the work of previous grades, especially common fractions, with special reference to principles and rules. Review decimals carefully.

2. Percentage, trade discount, profit and loss, commission and brokerage, and insurance carefully and thoroughly taught. Pupils should clearly understand the nature and purpose of each topic and the business transactions involved.

3. Taxes. Explain purpose and necessity. Discuss local taxes. Poll tax. Personal property tax, tax on real estate, income tax. How assessments are made. How tax rate is determined.

4. Simple interest and applied problems. Ratio and proportion. Develop objectively the idea of proportion.

5. Area of parallelogram, rhombus and rhomboid. Comparison of square, rectangle, rhombus, rhomboid, and triangle, as to number of sides, direction of sides, number and kinds of angles.

GRADE VIII.

1. Review of trade discount, simple proportion, factoring, cancellation, greatest common divisor and least common multiple. Frequent exercises in reading problems and "forecasting" the answers. Rapid oral work often.

2. Bank discount, compound interest, and simple partnership. Give special attention to banks and their methods of doing business.

3. Custom House business. Discuss tariff; revenue of national government and how collected; different kinds of duties.

4. Surveyor's measure. (Show clearly the way in which public lands are divided in the government surveys.)

Angular measure. A thorough study of circles, measurements of angles, and the terms *circumference*, *diameter*, *radius*, *axis*, *degrees*, arc, great and small circles. Measurements of angles on a sphere. Longitude and time many practical problems.

5. Many practical problems pertaining to the work of carpenters, bricklayers and masons.

GRADE IX.

1. Review work of previous grades, giving special attention to common and decimal fractions, percentage, simple and compound interest, and discount. Business methods.

2. Partial payments (U. S. rule only). Stocks and bonds. Square root of whole numbers, fractions and decimals. Exchange, briefly. Cube root.

3. Mensuration. Review of previous work. Many practical problems.

4. Algebra half the year. Addition, subtraction, multiplication and division of positive and negative quantities. The binomial theorem. The use of parenthesis. Factoring. Fractions. A large number of practical problems, not too difficult.

GRADE X.

1. Bookkeeping.
2. Algebra.
3. Inventional and Constructive Geometry.

GRADE XI.

1. Bookkeeping.
2. Plane Geometry.

GRADE XII.

1. Solid Geometry.

GRADE XIII.

1. Review Algebra and Geometry.
